Guest Speaker . . .

A very interesting and informative presentation (with the aid of slides and a projector) by Robin Thompson about his time on the Falkland Islands.

He was there to set up productive farming, which he explained about all the problems associated with working on an island. He had a magnificent time with his family there as well.

Thanks Robin.

Robin being assisted by Tas to get the technology working!

Before and After . .

What a difference a bit of elbow grease makes!
